

- Built from 0.7mm sturdy SECC steel
- Toolless installation: HDD, ODD, PCI-E
- Elegant design combining functionality and a professional aesthetic

The Chieftec CLASSIC Series brings new life to the proven quality and the decade-old success of the Chieftec cases with a fresh front panel design on the outside, while upgrading the quality and features on the inside.

Built from 0.7 mm sturdy SECC and including toolless drive installation kits, the CLASSIC series is perfect for system builders who value true quality and timeless design.
