

HPE SN1610Q 32GB 1- PORT FIBRE CHANNEL HOST BUS ADAPTER (R2E08A)

Host Adapters

OVERVIEW

Are you looking for a high-performance Fibre Channel (FC) adapter for the modern storage area network?

With improvements in server performance, increased virtualization, as well as flash and NVMe storage, the existing storage can become the bottleneck in your environment. The FC host bus adapter (HBA) is a critical element of this storage area network to improve storage performance.

The HPE SN1610Q 32Gb Fibre Channel Host Bus Adapter provides significant I/O performance and security benefits to accelerate databases, host more virtual machines, support emerging technologies such as NVMe and reduce total cost of ownership. It delivers better business outcomes across multiple industry verticals that rely on high performance, safe, and reliable storage connectivity for their storage infrastructure.

FEATURES

32 Gb High-performance Fibre Channel Host Bus Adapters

HPE SN1610Q 32Gb Fibre Channel Host Bus Adapter offers higher bandwidth, better latency, enhanced security, and operational efficiency for 32 GFC storage area networks.

Performance of up to 2 million IOPS and 12,800 Mbps of aggregate throughput.

Simultaneous support for FCP-SCSI and FC-NVMe to make transition from legacy SCSI environments to new NVMe environments seamless.

Higher performance with existing server investments when compared to 16 Gb FC adapters.

More data moved per watt of power consumed when compared to 16 Gb FC adapters.

High Performance and Enhanced Capability for Critical Workloads and High SLA Environments

HPE SN1610Q 32Gb Fibre Channel Host Bus Adapter supports N_Port ID virtualization (NPIV), virtual machine ID (VM-ID), and industry standards-based class-specific control (CS_CTL). These provide end-to-end quality of service (QoS).

Improve database transactional performance, enable faster business decisions with better data mining, and host more VMs.

Port isolation design delivers deterministic and scalable performance on each port.

Provides hardware root of trust to protect against malicious firmware downloads.

Delivers enhanced security via the new secure firmware update feature which protects and ensures the authenticity of device firmware.

Lower Total Cost of Ownership

HPE SN1610Q 32Gb FC HBA integrates with HPE SmartSAN, HPE Smart Fabric Orchestrator, HPE B-Series, and HPE C-Series switch management platforms, reduces total cost of ownership (TCO) and improves reliability.

Support for Fabric Assigned – World Wide Network (FA-WWN) and Fragment-Based Lead Discovery (F-BLD) provides fabric pre-provisioning services to simplify SAN deployment and orchestration.

With support for features such as D-port diagnostics, Link Cable Beaconsing (LCB), Read Diagnostic Parameters (RDP), enhanced FDMI, FC Ping, and FC

Trace Route, administrators can quickly run many automated diagnostic tests to assess the health of links and fabric components.

PCI Express (PCIe) 4.0 Support

HPE StoreFabric SN1610Q 32Gb Fibre Channel Host Bus Adapter includes PCIe 4.0 and provides better interconnect performance bandwidth when compared to PCIe 3.0.

Technical specifications

HPE SN1610Q 32Gb 1-port Fibre Channel Host Bus Adapter

| | |
|-------------------------------------|--|
| Product Number (SKU) | R2E08A |
| Bus type | PCIe 4.0 |
| Form factor | 2U |
| Power | 10W Max – No SFP |
| Server type supported | HPE ProLiant platforms. Please refer to the Server QuickSpecs for more information. |
| Compatible operating systems | Red Hat®, Linux® SUSE Linux, VMware®, Microsoft®, Windows®. Visit www.hpe.com/storage/spock for the latest available information on Operating System support. |
| Product Dimensions (metric) | 68.9 x 167.6 mm |
| Weight | Single Port : 113 g |
| Warranty | Three-year limited warranty, parts exchange next business day delivery. For more warranty information refer to http://www.hpe.com/storage/warranty |
| Connector type | SFP+ |

Most, if not all IT organizations are on a digital transformation journey — each at a different stage. With over 11,000 IT projects conducted and 1.4 million customer interactions each year, [HPE Pointnext Services](#)' 15,000+ experts and its vast ecosystem of solution partners and channel partners are uniquely able to help you at every stage of your digital transformation. We bring together technology and expertise to help you drive your business forward and prepare for whatever is next.

Advisory and Professional Services help you accelerate your digital transformation. [Operational Services](#) help you remove complexity and respond rapidly to business demands.

Operational Services from HPE Pointnext Services

[HPE Pointnext Tech Care](#) provides fast access to product-specific experts, an AI-driven digital experience, and general technical guidance to help enable constant innovation. We have reimagined IT support from the ground up to deliver faster answers and greater value. By continuously searching for better ways to do things—as opposed to just fixing things that break—HPE Pointnext Tech Care helps you focus on achieving your business goals.

- **[HPE Datacenter Care](#)** helps modernize and simplify IT operations. Partner with an assigned account team, access technical expertise, an enhanced call experience gives you priority access, choose hardware and software support, implement proactive monitoring to help stay ahead of issues, and access HPE IT best practices and IP.
- **[HPE Proactive Care](#)** offers an enhanced call experience and helps reduce problems with personalized proactive reports and advice. This also includes collaborative software support for Independent Software Vendors (ISVs), (Red Hat, VMWare, Microsoft, etc.). [Read more](#)
- **[HPE Foundation Care](#)** helps when there is a problem and has a choice of response levels. Collaborative software support is included and provides troubleshooting help for ISVs running on your server. [Read more](#).

Other related services

[Defective Media Retention](#) is optional and applies only to Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

[HPE Service Credits](#) offers a menu of technical services, access additional resources, and specialist skills.

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation.

Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.
